A photograph of a modern lounge interior. The room features a purple carpet with a white geometric pattern. The walls are highly reflective, showing distorted reflections of the ceiling and the room's elements. Several potted plants are arranged on the sides. The lighting is dramatic, with a mix of purple and blue tones. The text "THE COOLEST PLACES TO LOUNGE" is overlaid in large, white, bold letters in the center of the image.

SEVVA

Where? 25/F, Prince's Building,
Central, tel: 2537 1388

Opened March 2008

Owner Bonnie Gokson

Designers New York-based Tsao & McKown worked with Hong Kong-based Team HC on the architectural design, while Bonnie Gokson did the interior and detailed furnishings herself.

Decor The interior exudes a home away from home atmosphere with emphasis on sophisticated comfort and understated elegance. Fresh blooms and coffee-table tomes enhance this feeling.

Why we like it The spacious terrace atop Prince's Building with magnificent views of the city and Kowloon makes this the best outdoor spot to chill.

Signature drinks Sevva Mojito, Chocolate Martini
